

POWERING THE NEXT ERA OF TEXTILES

India's global textile trade fair to showcase the best of technology, sustainability and tradition

Bharat Tex 2026 is a global textile event supported by the Ministry of Textiles, Government of India. The event is organized by the Bharat Tex Trade Federation (BTTF)- an umbrella body comprising the 11 leading textile Export Promotion Councils (EPCs) of India. This mega event is set to take place from **July 14 to 17, 2026** at the iconic **Bharat Mandapam in New Delhi**.

The World's largest Integrated Textile Event

Bharat Tex is the world's largest integrated textile event. The fair will feature over **3,500 exhibitors** and more than **15,000 buyers**, including **7,000 international buyers representing 140+ countries** and over **1,30,000 visitors**. It promises unmatched networking avenues with key global brands and retailers, domestic industry leaders, suppliers, innovators and cutting-edge technology providers from around the world. Spanning over **1,60,000 square meters**, Bharat Tex 2026 would showcase over **20,000 meticulously curated product displays** that embody the dynamic evolution of trends within the global textile ecosystem.

The event will bring together a dynamic and diverse spectrum of stakeholders, including policymakers, global industry captains, celebrated designers, artisans, pioneering innovators, and industry partners. This immersive platform offers an opportunity to engage in thoughtfully curated experiences - catalyzing trade and investment, promoting smart manufacturing and circular economy principles, and inspiring cross-sectoral innovation.

A Global Textile Dialogue

Bharat Tex 2026 presents a global textile dialogue with **50+ knowledge sessions** led by global and Indian industry leaders and experts. Discussions will cover a wide variety of areas from global textile megatrends and ESG imperatives to Industry 4.0, R&D, startups and innovation and sustainable resilient supply chains. The discussions would open new avenues for industry, inspiring students and academia, and equip startups and entrepreneurs with the knowledge to stay ahead in a rapidly evolving global textile landscape.

Innovation and Sustainability Define the Indian Textile Landscape

Bharat Tex 2026 will also feature a vibrant spectrum of experiences that go beyond business – immersing visitors in the artistry, innovation, and sustainability that define India's textile landscape. From live fabric testing zones and trend labs to interactive innovation pavilions and sustainability showcases, Bharat Tex 2026 will highlight how Indian companies are pioneering sustainability through closed-loop manufacturing, circular design, clean energy adoption, and resource-efficient innovations across the value chain, driving global conversations on circularity and green manufacturing.

INDIA – A Trusted Global Source in an Uncertain World

India is the fastest growing large economy in the world. Bharat Tex 2026 solidifies India as a trusted global partner across the entire textile value chain. With abundant raw materials, skilled workforce, a competitive manufacturing ecosystem and a stable and business friendly policy ecosystem, India stands out as a reliable, preferred and dynamic sourcing destination in an uncertain world.
